SAPCO CONSTRUCTION GROUP

PUBLIC SECTOR / COMMERCIAL / RESIDENTIAL

CAPABILITY STATEMENT

SAPCO Construction Group LLC is a Texas-based general construction contractor providing a range of construction services for residential, commercial, and public-sector clients. SAPCO serves residential, commercial, and public sector project needs, providing solutions for new construction, rehabilitation, and infrastructure improvements.

CORE COMPETENCIES

General Construction & Site Improvements

Construction, repair, renovation, and improvement services for residential, commercial, and public-sector properties.

Concrete Construction & Flatwork

Driveways, patios, sidewalks, walkways, curbs, ramps, foundations, slabs, footings, equipment pads, and retaining walls.

Paving & Parking Area Improvements

Concrete parking areas, loading zones, access drives, and related pavement improvements.

Concrete Repair, Demolition & Replacement

Concrete repairs, resurfacing, cutting, removal, selective demolition, and replacement.

Fencing & Gates

Residential, commercial, and public-facility fencing, perimeter fencing, access gates, and security improvements.

Site Preparation & Grading

Site preparation, grading, excavation-related work, demolition, and property and grounds improvements.

APPROACH

SAPCO approaches each project with careful planning, clear communication, and attention to project scope and specifications. The company emphasizes effective coordination of trades, materials, schedules, and on-site activities to support efficient project execution. From initial planning through completion, SAPCO prioritizes quality control, compliance with project requirements, and proper documentation and project closeout.
